

## About:

---

TOSH is an original roots rock band led by Toshi Sheridan from New York City. Their sound is a mix of Tom Petty, Neil Young and Dire Straits. The band formed in 2014 as an instrumental blues/rock band. They released an EP intitled Toshi Sheridan Trio and performed throughout the tri-state area playing clubs (Rockwood Music Hall, Arlene's Grocery, LIC Bar) and festivals (Mystic Blues Festival).

As the band developed Toshi started adding vocals and the band grew into a roots rock group that has powerful melodic hooks with a raw edge.

Their full length, debut self-titled album TOSH is a mix of tightly crafted rock songs with a taste of jam band improvisation.
